Product Description

MAGNETIC STIRRER WITH HOTPLATE 5 PLACES Cat. No: AGN-ISTIR HP5M We

understand that reliability and adequate performance are of the utmost importance when it comes to your multi-station heating magnetic stirrer requirements. But, the market is filled with sub-par quality products. There are obvious downsides of such products like low heating efficiency, no variable timer etc., but then there are less obvious disadvantages as well like a run-of-the-mill software setup which forces you to constantly stand by the side of the device to monitor its performance and input parameters from time to time. Multi-station magnetic stirrers are built to deliver the kind of performance that is promised. Our in-house R&D capabilities from
